The Faculty Senate

1. Supports our students in their requests for improved support, policies, and compliance with the Title IX, Clery Act, and USM policies, including but not limited to:

- establishing relevant, customized, and effective mandatory training for all members of the campus community and business associates
- implementing security precautions such as better lighting and access to emergency phone kiosks
- well-resourced, high quality, timely, and humane care and counseling for the survivors/victims
- due process for proceedings which fully and equally supports all parties involved
- improved campus climate and culture to create a safe UMBC community.

2. Requests continued transparency on the procurement of external review team including the identities and qualifications of the reviewers, as well as a transparency on the examination, reporting, and advising processes which will be used by the reviewers.

3. Recommends a continuation of efforts on minimizing the perceived or actual conflict of interest in selecting the members of the Implementation Team.

4. Will facilitate the formation and work of a diverse Faculty/Staff Advisory Group by receiving regular updates about the progress and status of campus-wide initiatives and providing feedback and recommendations to the group.

5. Recommends strengthening the communication and relationship between the campus police and the rest of the UMBC community.

6. Requests regular progress reports, relevant statistics, and question/answer sessions from the Administration.
